

This Is Whats Up, Doc: The Unauthorized Biography of Bugs Bunny

How did a poor, animated rabbit from the streets of New York make it to the top in Hollywood and stay there for over 60 years? This Is Whats Up, Doc is the first of its kind an unauthorized biography of a character who exists only on celluloid. Through years of painstaking research, Lou Manuta began to understand his idol and discovered the secret of Bugs Bunnys success. Now, for the first time, he is happy to share, with fellow admirers of the famous wabbit, the never-before-told-story of Bugs Bunnys life.
