

Walking Stars: Stories of Magic and Power

These are the stories of Victor Villasenor's childhood. Magical, yet true, they are fables of endurance, defeat and triumph, spirituality, and, always, of love. Handed down through the generations, the Villasenors have been telling these family tales for years. Now, Victor shares them with his unmistakable storyteller style, complete with beautiful imagery and timeless significance. Set against the backdrop of the Mexican revolution and his family's migration to the United States, these stories feature a cast of unforgettable characters who have in common their perseverance and courage. They encounter the supernatural, escape persecution by rebel soldiers, endure hunger, thirst and physical stress, and ultimately, transcend their circumstances to achieve their dreams. They are indeed walking stars. Victor Villasenor works his magic once again with these extraordinary stories.
