

The Evil of the East: Or Truth About Turkey (Classic Reprint)

Excerpt from The Evil of the East: Or Truth About Turkey
The East! A magic is in the very word, that suggests fairyland, a paradise upon earth that we have loved in dreams and would fain affect in reality. In fancy we see the blue waters of the Bosphorus glancing in sunlight, with grey and pink marble kiosques on either side; the hills above them covered with dark cypresses, with mimosas and balmy pines. Like giant lances the slender minarets stand out in sharp relief against the sky, while frail caiques dart ceaselessly across the azure stream, their oars lightly touching its surface, as lightly as the wheeling gulls that brush it with their wing.
