

Endangered Tiger

The author of *The Tiger Bay Story* brings for the first time to e-book format its companion volume: *Endangered Tiger*. A Community Under Threat on the latter's 10th Anniversary. What happened to Tiger Bay? Combining personal memory, community history and sketches of everyday life, this is a powerful, deeply felt memoir of life in Wales' most famous and most maligned multi-ethnic community. Triggered off by an illness which brought the author near death, the book is an insider's account of a small but very significant Cardiff district whose existence is now under threat. By turns mournful and polemic, *Endangered Tiger* is filled with informative, often fascinating stories about characters, streets and everyday life in old Tiger Bay and in the present. But above all the book is fuelled by a desire to set the record straight to counter the tenacious, negative stereotypes that have portrayed the author's community as a den of vice, violence and disrepute. This personalised community history is also a humane statement against racism and provincialism in Wales. *Endangered Tiger* is a sequel to the author's *The Tiger Bay Story*, originally published by Butetown History & Arts Centre in 1993.
