

Learn To Count: How Many Do You See

This fun, interactive books gets children involved in the activity of counting various fun items from cats and dogs to aliens and robots. There are a number of studies which show children who engage in reading and learning activities early in life, we are talking preschool, are more likely to do better in all levels of education later in life. With learn to count we provide fun pictures to grab the childs interest while helping them learn. We also include, in the last half of the book, more challenging counting pages to include eye coordination and matching abilities along with the counting lessons.
