This story is about the crazy fun foods that go into making the BIG sandwich and will solve the mystery of its disappearance! Stories and Signs with Mr.C wants to be a guiding friend. This series of books are written with a Progressive Learning approach for children ages 3-10. Progressively your child will enjoy and learn from this eBook for many years to come. Each time the story is read, they will remember more and more of the signs. Your child will become confident and be able to read the stories and sign the words at the same time. Mr.C suggests that you

1. Read the Story - Start by reading the entire story to your child all the way through. Notice the sign word pictures but don't stop to focus on them. This will give them the continuity of the story first.
2. Focus on the Sign Words Read the story again, this time stopping to sign the two words at the top of each page that are being demonstrated by our Signing Friends. Remind your child to use their hands!
3. Combine the Story & Signs Read the story, showing your child the colorful words that tell them when to use the matching sign words at the top of the page. Sign all the underlined words as well these are words they have learned on previous pages.
