

Education at a Glance 2008: OECD Indicators (Education at a Glance) (Paperback) - Common

More people are studying for longer periods in OECD countries, but educational patterns are uneven. Which countries are doing well, and which countries could be performing better? How will today's generation fare in tomorrow's society? The 2006 edition of Education at a Glance provides a rich collection of indicators on the performance of education systems, on the human and financial resources i
