

Lessons for Guided Writing: Nonfiction

This thoughtful guide offers lessons and strategies for all stages of writing nonfiction: collecting information from print and nonprint sources, evaluating and analyzing the data, and sharing it with authentic audiences in meaningful ways. Complete with rubrics, planning sheets, student models, and assessment ideas, this book presents scaffolded lessons for writing essays, articles, biographies, and more. Woven throughout are suggestions for integrating technology into the writing and publishing processes and high-level questions that encourage collaboration and problem-solving all components of true 21st-century literacy and ways to develop critical thinkers and effective writers. This book is paired with oodles of reproducible materials in digital form!
