

The Convents of Great Britain (Classic Reprint)

Excerpt from The Convents of Great Britain
If the question were to be asked what is the most striking feature of the religious history of the nineteenth century, I think I should be tempted to answer that nothing in the last hundred years has been more remarkable and on the whole more far-reaching in its effects than the incredible growth and multiplication of congregations of religious women. Over a great part of Europe, which Protestantism had spared, the French Revolution and the wars of Napoleon swept like a flame. Behind them was left, religiously speaking, nothing but ruin and desolation. Only here and there in sheltered nooks and corners a green spot was to be found upon which the eye could rest with pleasure; but for the most part the very promise of the future seemed to have been withered to the roots. About the Publisher
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
