

# Fermentation Process Tutorial (Higher Vocational Education Textbook) (Chinese Edition)

This textbook is divided into 14 chapters, related fungus which take up 3 chapters is the experience summarize of the staffs from production line . Chapter 8- culture device are discussed in the fermentation equipment of textbook usually, due to the characteristics of higher vocational education (experimental class is about 50% of the total hours), there is no separate fermentation equipment class, so it is included in this textbook and can be selected according to the actual needs. In addition, due to limited space, the discussiono section was deleted and the part of the gentamicin fermentation, L-malic acid production, as well as recombinant human erythropoietin (EPO) were put into chapter 9,11 and 12. These contents are production summarize of the staff have some reference value.
