

Reading and Learning to Read (with MyEducationLab) (7th Edition)

With superior coverage of standards and an emphasis on comprehensive reading instruction, Reading and Learning to Read, Seventh Edition, remains an active learning tool that encourages teachers to teach reading in ways that are both meaningful and reflective. This book promotes a comprehensive approach to teaching reading and writing with an emphasis on research-based best practices, integrating technology, and accommodating the needs of diverse and struggling learners. This edition continues its commitment to preparing pre-service teachers for the ever-changing literacy classroom. A focus on meeting the standards of today's research-based environment and new concepts and practices that enhance professional development, as well as a wealth of practical examples and references that exemplify the IRA Standards for Reading Professionals, results in the most comprehensive and contemporary book on the market.
