

The Philosophy Shop: Ideas, activities and questions to get people, young and old, thinking philosophically

Imagine a one-stop shop stacked to the rafters with everything you could ever want to tap into young peoples natural curiosity and get them thinking deeply. Well, this is it! Edited by professional philosopher Peter Worley from The Philosophy Shop and with a foreword by Ian Gilbert, this book is jam-packed with ideas, stimuli, thought experiments, activities, short stories, pictures and questions to get young people thinking philosophically. Primarily aimed at teachers to use as a stimuli for philosophical enquiries in the classroom or even as starter activities to get them thinking from the off, it can also be used by parents for some great family thinking or indeed anyone fed up of being told what to think (or urged not to think) and who wants a real neurological workout. The proceeds of the book are going towards The Philosophy Foundation charity.
