

MCCLOSKEY: Art and Illustrations of Robert McCloskey

Primarily known only for his immensely popular childrens books, such as *Make Way for Ducklings* and *Blueberries for Sal*, Robert McCloskey was first and foremost an artist and produced a large body of paintings and other artworks in addition to his sketches and illustrations for kids books. McCloskeys art was usually influenced by where he lived, and he lived a lot of places, from Maine to Mexico and New York to Europe and the Caribbean. In this book, McCloskeys daughter looks at the range of his work from both chronological and geographic perspectives, discussing the styles of his work and his own attitudes about art.
