

# Engaging Mathematics: Geometry and Data Analysis & Probability

Based on the popularity of the original Engaging Math book, Kagan now offers this rich array of ready-go-do activities for the geometry and data analysis & probability strands. You'll find interactive Kagan Structures for pair work, teamwork, and whole-class engagement. Geometry activities cover: shapes and their attributes, edges, faces, vertices, symmetry, congruent, similar, transformations, angles, points, lines, segments, rays, parallel, perpendicular, and intersecting. Data Analysis & Probability activities cover: picture graphs, line graphs, bar graphs, line plots, charts, pie graphs, directional maps and grids, coordinate grids, mean, median, mode, data and probability. Engaging Math just got easier.
