

Traditions of the Covenanters: Or Gleanings Among the Mountains (Classic Reprint)

Excerpt from Traditions of the Covenanters: Or Gleanings Among the Mountains

The collecting of the following anecdotes respecting our persecuted ancestors was at first purely incidental. The editor of the Weekly Christian Teacher having requested of the author a communication for his miscellany, there was sent to him a paper containing two or three anecdotes, entitled Reminiscences of the Covenanters, and after its transmission no more was contemplated. At the further solicitation of the conductor of that periodical, however, a second paper was prepared, and then a third. At length the idea was entertained that something more than a few stray notices of the worthies of the Covenant might, perchance, be gleaned in the neighbourhood of the authors residence, as the locality is well known to have been the frequent resort of the suffering wanderers during the dark and protracted period of the Churchs affliction in Scotland. The attempt was successful, and resembled the striking of the enchanted ground with the mystic wand, when innumerable elfins, formerly invisible, started up all around. The writer, though fully aware that the memory of not a few incidents which happened in those trying times was still retained by the peasantry among the mountains and glens of the district, had yet no idea of the vast number of traditional stories that really existed. Having been made aware of the fact, therefore, his object was to collect and arrange them in the best manner he could, and then to publish them in a serial form. The sources from which these Traditions are drawn are chiefly the descendants of the persons themselves to whom the incidents refer. They have been retained as heirlooms in the families of the worthy men who suffered so much in the cause of truth and righteousness. This circumstance affords a strong guarantee for the fidelity and correctness of the

narratives as a whole, although some attendant circumstances may probably, in the lapse of three generations, have varied in the telling. They are all of them precisely in keeping with the times to which they refer. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
