

Voyage to Discovery: An Activity Guide to the Age of Exploration

This resource book invites educators and students on a journey into the worlds of yesterday, today and tomorrow, where they encounter Stone Age nomads, Vikings, conquistadors, pirates and space travellers. They hear tales of sea monsters and explore life in the Middle Ages, the cultures of native tribes of North America, the traditions of the Mayans and the Aztecs, and the voyages of Columbus and later explorers. And they learn about shipbuilding, navigation, shipwrecks, slavery and colonisation.
