

Professional Learning Communities by Design: Putting the Learning Back Into PLCs

How to form a vibrant PLC that truly makes a difference for students. If you are looking for an organic approach to purpose-driven professional learning, this is the book for you. Award-winning educator Lois Brown Easton's latest work provides a compelling case study in narrative form, a chronological PLC planning outline, and first-hand lessons learned about how PLCs develop, mature, and sustain themselves. You will not receive a PLC prescription, but you will find inspiration, wisdom, discussion questions, and a companion CD with: Professional learning designs for varied PLC contexts; Helpful forms, templates, and rubrics; Protocols for collecting, analyzing, and applying data.
