

How to Dazzle at Reading

The 42 photocopiable activities in How to Dazzle at Reading will help secondary (Key Stage 3) pupils with special educational needs. The sheets use simple language, lively illustrations and adolescent-friendly activities to motivate pupils to want to learn to read. The activities will help pupils to: understand and use a variety of decoding techniques; discriminate between sounds in words; learn letters and letter combinations; read words by sounding out and blending the sounds. Pupils will practise: identifying the sounds they hear at the start and end of specified words; the sounds of short and long vowels; identifying which words have a short oo and which words have a long oo; identifying words which rhyme with a specified word; filling in gaps in sentences and paragraphs; changing the meaning of a word by changing its end sound; splitting up compound words into their components; scanning texts.
