

Among Congo Cannibals: Experiences, Impressions, and Adventures During a Thirty Years Sojourn Amongst the Boloki and Other Congo Tribes With a ... Customs Religion, & Laws (Classic Reprint)

Excerpt from Among Congo Cannibals: Experiences, Impressions, and Adventures During a Thirty Years Sojourn Amongst the Boloki and Other Congo Tribes With a Description of Their Curious Habits, Customs Religion, & Laws. The object of the author throughout these pages has been to give an account of his experiences among the Boloki (or Bangala), and a description of the manners, habits, customs, etc., of this interesting people amidst whom he lived in closest intimacy as a missionary. The author went to the Congo in 1881, hence his residence in what has been aptly called Darkest Africa covers a period of thirty years - fifteen of which were spent in other parts of the Congo, and fifteen amongst the Boloki people. These pages, however, are not a record of missionary life and work, but a description of primitive life and native organizations, of African mythology, superstition, and witchcraft, and of barbarities that are the natural outcome of the natives view of life. The writer, from the very first days of his life amongst the Boloki folk, kept extensive and careful notes of all that he saw and heard around him. The anthropology and folk lore of the people have always been interesting subjects to him; and while reducing the language to writing, a task which demanded a clear understanding of the various words in use and the customs which they often describe, he was gaining an insight into the native life and mode of thought only vouchsafed to those who have won the confidence of a savage people, and are living in close and sympathetic touch with them. The author has no particular anthropological axe to grind, but has tried to give in plain language what he has seen and heard, leaving to the reader the pleasure of forming his own theories. The reader of these pages may rest assured that nothing is exaggerated or overcoloured. About the Publisher Forgotten Books publishes hundreds of thousands of

rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
