

Fight For Your Long Day: Classroom Edition

In a polarized post-9/11 America, Cyrus Duffleman, adjunct anti-hero of the 21st century, bobs and weaves through five jobs at four universities in one day. Comedy and tragedy interweave as Duffleman braces for the challenges more and more American workers face in the new gig economy. If you care about the future of higher education, our students and teachers, this is the novel you need to read now. This classroom edition includes bonus essays, interviews and graphics about adjunct survival and the state of so-called higher education. Alex Kuderer's award-winning *Fight for Your Long Day* puts college realities on the map.
