THE LATEST WEBSITE REVIEWS: Hi! I have to tell you that my students absolutely love your multiplication rap songs. They beg me every day to play them again and again! It has been the best tool I have found so far to help them learn their multiplication facts and they are really learning them. I was wondering if there was a way to get the lyrics to the chorus of each song. My students and I have been trying to learn those parts. If there isnt a way to get the lyrics, its okay. I can just keep listening to them and writing them down. Thank you so much for any help you can provide. - Mrs. Cornsilk - 4th Grade - Destiny Christian School Hello, I just downloaded your multiplication songs and I LOVE THEM!!! I teach fourth grade, and my kiddos have NO basic facts memorized. Their parents choose not to work with them at home, and I am at my wits end trying to get them some help. My kids respond well to music, especially rap, so this is PERFECT! Such a great product! - Rebecca Davis I use this CD daily with my 6th and 7th graders. Each class begins with one of the songs (one a week) and the lyrics & fact family on the P-Board. I cant tell you how much fun it is to start class singing and dancing - and already learning! This is the ONE multiplication rap CD I would recommend

to anyone and everyone! (And trust me, I've spent a lot of money on many other CDs!) -
