

Homeschooling: A mothers point of view

My name is Sarah Robins and I am a stay-at-home mother to five rambunctious, inquisitive children, two girls and three boys who live on the mid-Atlantic coast of the United States. I have been married to my husband, Brian, for 15 years. We decided to homeschool before the birth of our first child and haven't looked back since. I revel in my duties as a mother and educator of my children. I manage to turn every negative into a positive no matter how difficult the task. Whichever way you choose to educate your children, you will have many years of joy and satisfaction in seeing them fulfill their potential. If you enjoy reading my book, it would be appreciated if you could take the time to write a review. Many thanks Sarah
