

# Problem Solving with Math Models ~ Second Grade (Problem Solving with Models)

PROBLEM SOLVING WITH MATH MODELS is an educational tool to help teach the new Common Core State Standards. This series specifically focuses on Mathematical Practice 1 (Problem Solving) and Mathematical Practice 4 (Modeling). The books are designed to lead students through the problem solving process by exploring different tools and models. Each book in the series is framed around the designated Common Core State Standards for the grade. Each section begins with a small number range and increases as the book builds.
