

Real-Life Math Investigations (Grades 5-8)

30 Activities that Help Students Apply Mathematical Thinking to Real-Life Situations This book answers the questions, Why do I have to do math? and When will I ever use it?. Your students will learn how mathematics affects them every day as they tackle questions such as: What kind of ball rolls downhill the fastest? Whats the tallest structure you can build that stands by itself? Students will eagerly dive into these 30 practical and exciting investigations that sharpen their reasoning powers, reveal their creativity, and help them apply math concepts all while having FUN! Geared to the NCTM Standards.
