

The Spirit of the Age or Contemporary Portraits (Classic Reprint)

His reputation lies at the circumference ;and the lights of his understanding are reflected, with increasing lustre, on the other side of the globe. His name is little known in England, better in Europe, best of all in the plains of Chili and the mines of Mexico. He has offered constitutions for the New World, and legislated for future times. The people of Westminster, where he lives, hardly dream of such a person ;but the Siberian savage has received cold comfort from his lunar aspect, and may say to him with Caliban I know thee, and thy dog and thy bush !T he tawny Indian may hold out the hand of fellowship to him across the GREAT PACIFIC. We believe that the Empress Catherine corresponded with him ;and we know that the Emperor Alexander called upon him, and presented him with his miniature in a gold snuff-box, which the philosopher, to his eternal honour, returned. Mr. Hobhouse is a greater man at the hustings, Lord Rolle at Plymouth Dock ;but Mr. Bentham would carry it hollow, on the score of popularity, at Paris or Pegu. The reason is, that our authors influence is purely intellectual.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
