

I Wonder What Became of Me

Once upon a time in far-off San Francisco was born a child with joy in his heart and music in his soul. This book chronicles the highs and lows and victories of this tiny spirit. The timing was questionable as he made his appearance just before the Great American Depression. As time passed, he discovered a sanctuary from the humdrum of the life that surrounded him . . . motion pictures. Saturday matinees were spent in a fantasy land where dreams and hopes were realized and when money for the Saturday matinee was not available, he would retreat into the movie in his head imagining himself in white tie and tails dancing with a beautiful partner on the wing of a plane headed for Rio or perhaps a bit of terpsichore in a beautiful field in Ireland. Films became the blueprint from which he would build his future. This book is a documentary of his journey ... my life. Go see the movie in your head. Imagine, believe, create.
