

Sample Essays, Term Papers & Research Papers

This guide is a consolidation of multiple essay samples. It will not replace writing guides such as Ideas and Details authored by Bauman Garrett. However, it gets right to the point of showing you sample essays. These are actual writing research assignments performed over the years by the author. Little to no alterations was accomplished after these papers were submitted for grading. Consider these essays and research papers as unedited works. Please refrain from plagiarizing since such practices are recipes for sure failure. Spelling and punctuation is key to good writing; however, remember to structure your paper in the format set forth by your instructor, since you are not graded on spelling and punctuation alone. Why I put this helpful guide together? When I got my first essay assignment some years ago, I was very confused. I spent many hours reading the essay manual which was written for the comprehension level of some one on mars, and I was still confused hours later after my reading. I wanted to see a practical example, but could not find one. Later on in life I came to the conclusion that there are many people in the same predicament as I was many moons ago. You are not alone, and should not have to reinvent the wheel. Reality check! Now, because I got A(s) and B(s) for most of these papers does not mean anything. I just want to help you to get on the writing path as soon as possible with less stress. My study environment is a mixture of attending brick and mortar classes at colleges along with online classes. I've noticed that online classes are more difficult than on campus classes, in the sense that my instructors required more work and they also did scrutinize my writing with more vengeance. Without a doubt you will prevail as you learn to master the art of college writing. My pass days in college were filled with stops and starts: Graduate from Barstow Community

college in California with an Associate in Arts Degree. Graduate from American Military University, BA 2004. At the completion of this book I was well on my way to completing a masters degree in International Business from TOURO University (online) in California. Thanks for choosing this Sample Essay Guide; you have chosen well. Quality free help is hard to find. Good luck in all of your writing endeavors.
