

Festivals, Holy Days, and Saints Days: A Study in Origins and Survivals in Church Ceremonies Secular Customs (Classic Reprint)

Excerpt from Festivals, Holy Days, and Saints Days: A Study in Origins and Survivals in Church Ceremonies Secular Customs Many great scholars, both archaeologists and anthropologists, have discussed the obscurities surrounding the origin of Festivals. The idea of this little book is not to dogmatize, but rather to note practices still existing, or but lately obsolete, to trace their probable connexion with those of the Middle Ages, and where a pre-Christian connexion can be traced, to mention it with due reserve. In some cases, bygone ceremonies will be described for the sake of the light they throw on many still surviving amongst us. English ceremonies will be first regarded, and then such Continental or Eastern rites as can be compared with those of the English people, indicating a similar origin. The endeavour will be to select those which deserve note by their typical character, but not to attempt to cover such a huge field as the description of the Catholic ceremonies in all countries must necessarily involve. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
