

Personal Reminiscences of Henry Irving (Classic Reprint)

Were my book a life of Henry Irving instead of a gathering of such matters as came into my own purview, I should probably feel some embarrassment in the commencement of a preface. Logically speaking, even the life of an actor has no preface. He begins, and that is all. And such beginning is usually obscure; but faintly remembered at the best Art is a completion; not merely a history of endeavour. It is only when completeness has been obtained that the beginnings of endeavour gain importance, and that the steps by which it has been won assume any shape of permanent interest After all, the struggle for supremacy is so universal that the matters of hope and difficulty of one person are hardly of general interest When the individual has won out from the huddle of strife, the means and steps of his succeeding become of interest, either historically or in the educational aspect but not before. From every life there may be a lesson to some one; but in the teeming millions of humanity such lessons can but seldom have any general or exhaustive force. The mere din of strife is too incessant for any individual sound to carry far.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
