

Multiplying by 7

Multiplying by 7 - Multiplication Math Games and Lesson Plans Individual packages focus on MULTIPLICATION, one factor at a time. Teaching elementary students to multiply is quick and effective when students practice their multiplication facts with these fun and engaging reproducible multiplication games, lesson plans and activities. These games are effective ways to reach and teach your English language learners and at risk students. Differentiate your elementary instruction with this great 26-page multiplication game and activities. Each multiplication game includes game boards, cards, practice sheets, a 5 minute-timed test and graph for efficient assessment. Each game package has 5 different activities that students can play to practice and reinforce multiplication. Also included are 5 black lines, which can be used to differentiate your instruction, as seat work or sent home as homework. Flash cards also come in this packet. This game is available in English and Spanish to use with your ELD and ESL students. Use our bilingual multiplication math games to reach and teach all your students. This package includes 5 Math Games: Multiplying by Match It Up! Concentration Multiplication Bingo Flash Card Bingo ALSO INCLUDED: Homework Black lines Timed Tests Score Graphs Math Games offer this multiplication practice through play! Reproducible black lines included in this package: A variety of games Complete game boards and game cards Activity black line masters Assessment Activities to send home Easy to use teachers guides Easy game assembly Lori Wolfe www.funtoteach.com
