

Ferment in the Intercultural Field: Axiology/Value/Praxis (International and Intercultural Communication Annual)

Ferment in the Intercultural Field: Axiology/Value/Praxis, Volume 26 of The International and Intercultural Communication Annual examines how the field of intercultural communication has encouraged new techniques in the area of research. Editors William J. Starosta and Guo-Ming Chen, along with a diverse group of distinguished contributors, recall the 1983 topical issue of The Journal of Communication that reported a critical turn and a shift of paradigms in communication research. Recommended for scholars and researchers in the area of intercultural communication, Ferment in the Intercultural Field is also a vital resource for upper-level undergraduate and graduate communication students.
