

The Old Showmen, and Old London Fairs (Classic Reprint)

Excerpt from The Old Showmen, and Old London Fairs Popular amusements constitute so important a part of a nations social history that no excuse need be offered for the production of the present volume. The story of the old London fairs has not been told before, and that of the almost extinct race of the old showmen is so inextricably interwoven with it that the most convenient way of telling either was to tell both.
