

Bees and Honey: Myth, folklore and traditions (First)

This book takes us from the beginning of time to the present day to show the ways in which bees and beekeeping, honey and wax, are a part of the culture, mythology, theology and folklore of every people in the world. And how humans and bees have had a magical relationship since the creative of the world itself. We will spend a lot of time with the Ancient Greeks, journey through the harems of Arabia to the savannahs of Africa. And we will visit the English countryside too. Everywhere we go, across centuries and continents, we will find that the tiny humble honeybee, mans companion as long as there has been a man on the earth, has been and continues to be a source of wonder and magic.
