

## Lolas Therapy: The Trouble With Doors

A humorous look at the life of a singer/teacher, Lola, and her sessions with her psychotherapist. Although Lola knows that its her nature to be kind and gentle, patient and easy-going, smart and talented, honest and generous, events in her life seem to tax these qualities. Gary, her therapist, thinks that her problems uncover a smorgasbord of neuroses. He tries to help her face reality and keep her feet on the ground, but she thinks hes full of beans.

Somehow, she keeps coming back for more beans, even though most of her conflicts with life happen in his therapy room. In this session, Lola explains why shes late for her session. She and her brother went clothes shopping but double doors got in their way.
