

The Last Days of Marilyn Monroe

With explosive new revelations concerning the National Security Matter that led to the cover-up of her murder, *The Last Days of Marilyn Monroe* is a page-turning account of one of the most shocking crimes of the century. Donald H. Wolfe meticulously chronicles her final days, names the killer, documents the mode of death, and identifies those who orchestrated the cover-up. The pieces of the puzzle regarding Monroes mysterious death finally lock in place with the testimony of the remaining two key witnesses who have come forward for the first time. Assistant District Attorney John Miner, present at the autopsy, reveals his secret interview with Dr. Ralph Greenson, Monroes psychiatrist. He also explains why Marilyn Monroe was a homicide victim, and why he is calling for a new investigation and the exhumation of her body. Newly discovered CIA and FBI files document the dark secret in Marilyns relationship with the Kennedys, the truth behind her break-up with the president, the shocking facts about the stars last weekend at Cal-Neva, and the many bizarre events that took place at Marilyns home the day she died.
