

Kisisi (Our Language): The Story of Colin and Sadiki (New Directions in Ethnography)

Part historic ethnography, part linguistic case study and part a mothers memoir, Kisisi tells the story of two boys (Colin and Sadiki) who, together invented their own language, and of the friendship they shared in postcolonial Kenya. Documents and examines the invention of a new language between two boys in postcolonial Kenya Offers a unique insight into child language development and use Presents a mixed genre narrative and multidisciplinary discussion that describes the childrens border-crossing friendship and their unique and innovative private language Beautifully written by one of the foremost scholars in child development, language acquisition and education, the book provides a seamless blending of the personal and the ethnographic The story of Colin and Sadiki raises profound questions and has direct implications for many fields of study including child language acquisition and socialization, education, anthropology, and the anthropology of childhood
