

From the Interview to the Field: Breaking Into Pharmaceutical Sales

The mission of this text is to prepare prospective candidates as best as possible for the highly specialized interview process associated with pharmaceutical sales. Thousands of candidates are preparing to interview for pharmaceutical sales positions all over the world. The majority of those interviewing, will not get a second interview. There are specific attributes a candidate must exhibit when interviewing for pharmaceutical sales. Hiring managers know exactly what they are looking for when interviewing. Here is the problem; job seekers do not know these things and nobody is telling them! This text will cover five critical aspects of the interview process associated with pharmaceutical sales:(1) The pharmaceutical industry and how to get into it(2) How to construct your resume, details of the job and attire(3) What you should expect in an interview setting (4) How you should respond to the questions asked in the interview (interview techniques/strategies)(5) What happens after the interviewIt is imperative for all prospective candidates to hone in on the techniques discussed in the text and remain consistent with responses when interviewing. During my career as a pharmaceutical representative, I have assisted dozens of candidates attain their dream job in pharmaceutical sales. Also, I have seen hundreds of great candidates make crucial mistakes when interviewing for pharmaceutical sales positions. These are the candidates that do not get an opportunity to have a second interview. My goal is to make information on pharmaceutical sales interview techniques and strategies more accessible. I want to see prospective candidates attain that second interview and knock it out of the park. My vision is that prospective candidates do not make the same mistakes I made. Also, this text will discuss and apply the following business concepts:(1)

80/20 rule(2) Closing (soft/hard)(3) STAR format questions (Situation, Task, Action and Result)(4) Strategic Imperatives Further, this text will also introduce and explore the following:(1) Your E-history and how it pertains to the interview(2) Transferable skills and how they apply to your interview(3) The importance of total office calls when cultivating relationships(4) The interview after the actual interview (how to ensure success on field rides)(5) How to properly utilize fact sheets in interview settings The strategies/techniques/concepts covered in the text can be applied to any position in outside sales. Prospective candidates will be able to read this publication and gain a better understanding of what it takes to land the career of a lifetime in pharmaceutical sales!
