

# Exceptional Learners: An Introduction to Special Education Plus NEW MyEducationLab with Pearson eText -- Access Card Package (12th Edition)

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE

Exceptional Learners is an outstanding introduction to the characteristics of exceptional learners and their education, emphasizing classroom practices as well as the psychological, sociological, and medical aspects of disabilities and giftedness. In keeping with this era of accountability, all discussions and examples of educational practices are grounded in a sound research base. With hundreds of new references added to the 12th edition, the authors are committed to bringing the most current and credible perspectives to bear on the ever-increasing complexity of educating students with special needs in today's schools. The authors have written a text that reaches the heart as well as the mind, promoting a conviction that professionals working with exceptional learners need to

develop not only a solid base of knowledge, but also a healthy attitude toward their work and the people whom they serve, and constantly challenge themselves to acquire a solid understanding of current theory, research, and practice in special education and to develop an ever more sensitive understanding of exceptional learners and their families.
