

## Whats Your Favorite Song?: The Life, Family and Music of George and Emma Kelly

If you enjoyed reading about The Lady of 6,000 Songs in the best seller *Midnight in the Garden of Good and Evil* you will love going behind the scenes to learn more about how the remarkable entertainer and her husband successfully juggled their marriage, her Hall of Fame music career, his sign business, and at the same time, raise ten children. Though Emma Kelly was mostly known as the piano player who could seemingly play any song ever written, the close friend and collaborator of songwriter Johnny Mercer is revealed in *Whats Your Favorite Song* to have achieved even greater accomplishments as a wife and mother. Learn how she and her husband overcame challenges and hardships through the Great Depression, a World War, and through the baby boom years to raise ten children who would become an integral part of her musical performances and, later, successful college-educated adults. Author Ross Kelly chronicles a firsthand account of a nonstop, whirlwind family music fest that will border on feeling out of control, only in the end to reveal a loving, close-knit family guided by their commitment to one another, their love of music, and a foundation of principles employed by his parents to guide and shape his life and the lives of his nine brothers and sisters. Far beyond being about a large musical family growing up in South Georgia in the 1960s, *Whats Your Favorite Song* could almost serve as a guide for how families of any size, anywhere, can successfully manage their own challenges of juggling relationships, careers, and children.
