

Ccea Gcse Mathematics Intermediate 2

CCEA GCSE Mathematics Intermediate 1 and Intermediate 2 build on KS3 work and prepare students for the CCEA GCSE specifications at the Intermediate tier. The style of presentation is precise but friendly, and in the main intended for whole class teaching. Expository material usually takes the form of guided discovery, which is then supported and consolidated by worked examples and numerous exercises. Each chapter has a comprehensive summary followed by further exercises at three levels of difficulty. There is additional revision material, tests and assessment built in, mental mathematics, appropriate historical contexts, and cross-curricular links are made with many other disciplines. Emphasis throughout the series is placed on conceptual development. The material has been widely trialled in schools of all types. The Teachers Resource Book contains detailed learning objectives for each chapter, a comprehensive CCEA GCSE Intermediate tier matching grid, further background information, further assessment material, including practice examination-style questions, supplementary exercises, and answers.
