

Between Appear And Disappear: full-color illustrated edition

FULL-COLOR ILLUSTRATED EDITION. Book #4 in our Blue Bustard Memoir Series Between Appear and Disappear is a secular prayer, a body prayer, between seeing and saying, between experience and representation. It is the only book that I have ever read in my life that is truly corporeal, which is to say truly embodied by and through desire in language. I will hold it close to my heart for the rest of my life. Kind of I wanted to eat it. Definitely I slept with it under my pillow. It is an unforgettable and perfect book at a time when we need books to be exactly what they are, gloriously, unapologetically, mercifully real. Lidia Yuknavitch, author of *The Chronology of Water* and *Dora: A Headcase* beautiful-beyond-words Sharon Doubiago, author of *My Fathers Love*, *Love in the Streets*, and *Hard Country* The blood of Mais ancestors run through her syllables. She takes photographs of sentences she abandoned in childhood that loss of memory, that theme of what photography exposes. Written in the breath of a man in love, a novel, a poem, a photo album, this delirium of river language is finally a treatise on writing. Her breath remains in my mouth. She told him the Vietnamese legend of a story that never begins, darker than any darkness when her family pushes their unsteady boat into the water. They fear arriving as much as they fear drowning. Every word is a goodbye. She escapes sentences. Her body lay against him like moonlight.
