

Still Standing: The Autobiography

The long-awaited, inspiring autobiography from Kerry Katona. Updated for the paperback. Kerry Katona has been one of the most talked about celebrities of the last 12 years. Since bursting on the scene in 2000 with girl-band Atomic Kitten, her turbulent life has made her the subject of thousands of articles and numerous reality TV shows. Kerry released her first autobiography, TOO MUCH TOO YOUNG in 2006, but since then her life has become hardly recognisable, having taken many more twists and turns. This memoir will pick up from there and is, above all, a story of inspiration - from drugs, bad men, bankruptcy, armed robberies, embezzlement, plastic surgery, weight battles, booze, more drugs and depression - Kerry has survived and brought her life back from the brink to become a very together and happy mother of four. Now she has moved on, regained control of her life and tackled her problems head-on - becoming clean of drugs, getting back in shape, escaping her marriage and falling in love again. This is the remarkable, and at times heartbreaking, story behind how she did it.
