

Skills To Keep Your Job (4)

How To Keep Your Job - Reintegrate after Traumatic Life Experiences, was made possible by acquiring over twenty years of experience training my son and daughter to manage their traumatic life experiences. They needed to be empowered, and I was able to provide them with the tools to overcome the setbacks inflicted by their illnesses. They have now rebuilt their self-worth, self-confidence and their personal growth has improved. I also prepared them with the soft skills that are necessary for searching, finding a job, and keeping the job. The success I have had in helping my son and daughter to overcome their adversities and begin job training and job retention training has inspired me to share their stories. They lost decades of their lives to chronic illnesses, and lost their abilities to attend schools or find work. The thought of studying, the thought of job training goals or thinking about work, stressed them. This training guidebook will definitely empower students with soft skills training to not only succeed as individuals but to position themselves for job preparation and holding the job. This guidebook is intended for individuals who want to develop the skills that will lead to holding their jobs. The guidebook encourages one to keep a job. It encourages confidence in the workplace. This book is intended for individuals who want to develop skills that will boost their self-confidence and subsequently lead to holding a job. It will definitely empower you with skills to not only succeed as individuals but to position themselves for holding a job. It encourages confidence. Although this Guidebook has directly resulted from 22-years of traumatic experiences of one American family, it is much more than their story. The content has proven to have helped them to rebuild their lives and holding a job.
