

Education, Aid and Aid Agencies (Education as a Humanitarian Response)

What is the relationship between education, aid and aid agencies? Drawing on international research in numerous countries, including Thailand, India, Afghanistan, Lebanon and the UK, the contributors consider, conceptually and empirically, the provision of education to aid and aid agencies, analyzing the internal and external factors affecting educational provision during and after emergencies. Each chapter contains a summary of the key points and issues within the chapter to enable easy navigation, key contemporary questions to encourage you to actively engage with the material and an annotated list of suggested further reading to support you to take your exploration further.
