

Beyond the National Curriculum: Curricular Centralism and Cultural Diversity in Europe and the USA (Master Classes in Education Series)

The National Curriculum is due for review. This is a central area of educational debate in England and Wales. Increasingly politicians and their entourages are looking for quick fixes from abroad to solve what they see to be problems in the educational system of the UK. Drawing on insights from other European curricular systems, this provocative book will contribute, in a timely way, to the debate on reformations of the National Curriculum. The style is concise, with points for discussion and lists of further reading. debate in England and Wales. Increasingly politicians are looking for quick fixes from abroad to solve what they see to be problems in the educational system. Drawing on insights from other European curricular systems, this volume will contribute, in a timely way, to the debate on the reformations of the National Curriculum. The style is short and concise, with points for discussion and lists of further reading. _
