

## Web Pages for Your Classroom: The EASY Way!

A practical how-to guide, this book provides the classroom teacher or librarian with all of the tools necessary for creating Web pages for student use. Useful templates-a CD ROM is included for easy use-and clear, logical instructions guide you in the creation of pages that students can later use for research or other types of projects that familiarize students with the power and usefulness of the Web. Gaining this skill allows you the flexibility of tailoring Web pages to students specific needs and being sure of the quality of resources students are accessing. This book is indispensable for those wishing to use this methodology in their classes but who do not have the necessary expertise. Suitable for all grade levels.
