

# Distance Learning for Higher Education: An Annotated Bibliography

Providing a survey of the current literature on distance learning, this annotated bibliography presents a broad overview of the field and its many issues. Material covered includes articles from professional journals, papers taken from the proceedings of recent distance learning conferences, documents from professional organizations, books, book chapters, and Internet sites. Organized thematically, each chapter features an introduction by the authors and offers a plethora of resources with complete bibliographic information, detailed annotations, and Web sites. Covering every aspect of distance learning?from methods of delivery to instructional design and evaluation?this guide will prove to be an essential resource for everyone involved in distance education.
