

KS2 Improve Your Maths (level 3, ages 6+) (GS Publishing KS2 Improve Your Maths Book 1)

The KS2 Improve Your Maths Series from GS Publishing is a fantastic resource for teachers, tutors and parents wishing to find interesting and effective methods of teaching and reinforcing the maths skills of their pupils and children. Just 10 Minutes per day is enough to help improve your child's maths. Each of the publications in the series consists of 20 10-Minute activities and mark schemes and is graded at the National Curriculum levels. They are useful for use in the classroom and at home; including for 11+ preparation. The format of these activities means that they can easily be used in a classroom or at home by downloading Amazon's free Kindle Reader. This tool enables the resource to be used on tablets, smartphones and PCs and even as a whole-class activity through the use of a projector. This means that they are ideal for lesson starters or plenaries.
