

Russia, Vol. 2: Or, a Compleat Historical Account of All the Nations Which Compose That Empire (Classic Reprint)

Excerpt from Russia, Vol. 2: Or, a Compleat Historical Account of All the Nations Which Compose That Empire The numerous original stocks of Tartar nations settled in the empire of Russia and its environs are distinguished by different names. One while they are called Tartars, another while Tourouks, Tourks, or Tourkomans: but the three latter denominations are the most frequent. The Tartars who have written the history of their nation derive them from a certain Tourouk, or Tourk, and Tatar his grandson. Among these writers Aboulgasi Bayadourkan is the most worthy of credit; and, according to him, Tourouk is the father and founder of this people. One of his numerous grandsons was Tatar, a great hero, and the establisher of some considerable hordes. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
