

The Long Leg of Italy: Explore with Just Us Two

From the Book Back. We will have a little trip, himself decreed. That is what he thought! He meant a little trip in the UK, not too far from home. I, on the other hand, had bigger fish to fry. So, himself wanted a little trip did he? Read on. Having only travelled abroad twice in their lives, and that as part of a group, did not daunt Rosie. She wanted to see the world. She had dreams. Rome, Florence, Venice . . . and beyond. But was this possible? A little voice nagged at the back of her mind. With growing excitement she plotted and planned, then went into action. And so began their love affair with Italy. The Long Leg of Italy is the third in the Just Us Two travel series of armchair adventures inspiring you to push back your travel boundaries. A wealth of cultural and historical information is enriched with photographs and web links of places visited over the years as Rosie takes you off the tourist trail. Explore with Just Us Two on their adventures as they visit the many beautiful Lakes, Italian Alps, and Dolomites of Lombardy and the Trentino-Alto Adige in northern Italy - venturing into Switzerland. Experience the contrasts of Adriatic villages; the lush and rugged interior of Puglia, Basilicata, and Calabria in southern Italy; the awe and wonder of standing high in Altomonte between the Ionian and Tyrrhenian seas. Be awed by the diversity and romance of Rome, Florence, Venice, Sorrento, their cultural history and surroundings. Of course, in true Just Us Two style, some disaster or other always awaited them.
